In 2014, after years of overseas service, Dr. Rawle Mitchell and his wife were called back to Dothan, Alabama.

It was in Dothan that they established the organization's Headquarters Campus, which is now located on Main Street in the old **Porter Square Mall**. This move marked a significant transition for the ministry, as it expanded its scope and impact within the local community.

The journey of Dr. Rawle Mitchell, his wife, and the entire organization has been one of dedication, sacrifice, and a deep desire to make a difference. The transition from a 4,000 square foot facility to the expansive Headquarters Campus signifies not only growth but also a commitment to serving the community in multifaceted ways. The impact of their efforts is evident in the lives they have touched both overseas and within their local community, making New Beginning Ministries International Inc. a beacon of hope and transformation.

Upon their return to Dothan, Alabama, Dr. Rawle Mitchell and his wife, Dorothy, faced the challenge of rebuilding and rebranding New Beginning Ministries International Inc. from the ground up. Their journey of revitalizing the ministry was marked by determination, innovation, and a deep commitment to their vision of making a positive impact on the community.

The initial steps in this transformative journey were both bold and resourceful. Dr. Mitchell's decision to purchase a property for \$7,000 using a credit card showcased his willingness to invest personally in the ministry's growth. He and his wife then dedicated themselves to a 30-day renovation process of the property, emphasizing their hands-on approach and dedication to the cause.

Their efforts were further propelled when they secured a loan of \$35,000 from Trinity Bank in Dothan, using the renovated property as collateral. This financial boost was a turning point that allowed them to invest in the ministry's expansion. The initial \$35,000 served as a foundation upon which they built their vision.

With this funding, the Mitchells began purchasing properties to advance their mission. Their first significant acquisition was the old Meda Gold ice cream factory, an expansive property spanning an entire city block. This acquisition marked a bold step forward, demonstrating their commitment to expanding the ministry's reach and impact.

Simultaneously, they secured the purchase of the old Swiss Cleaners building, which would later become the Ivy League Academy. This transformation of a former dry-cleaning facility into an educational institution showcased their innovative approach to repurposing spaces for the betterment of the community.

The Mitchells' determination to push boundaries and think creatively was further evident when they pursued a Cash Out Finance option on their home in Atlanta, Georgia. By leveraging their assets, they secured \$60,000, which was then reinvested into the ministry's growth. This resource infusion highlighted their willingness to take calculated risks to fuel their vision.

Overall, Dr. Rawle Mitchell and Dorothy's journey in revitalizing New Beginning Ministries International Inc. serves as a testament to their dedication, resourcefulness, and unwavering commitment to their mission. Through personal investment, creative financing strategies, and a strong sense of purpose, they laid the foundation for a ministry that continues to touch lives, transform communities, and spread hope. Their story is an inspiration to all who seek to create positive change and make a lasting impact on the world.
